Sunday Walk-in Clinics have new hours
Starting May 4, 2014 the Sunday Walk-In Clinic will start to open at 800AM.
The new clinic hours will be 8:00AM----11:30AM

Saturday Walk-in Clinics at the Heather Glen Building

WHERE: Pinehurst Medical Clinic has begun offering Saturday Walk-in Clinics to existing patients. Medical staff will be at the Heather Glen Building (located at 15 Regional Drive in Pinehurst) every Saturday morning from 8:00am until 11:30am. We are here to provide treatment for acute minor problems, such as the flu, and earache, coughs, etc.

Instructions regarding the Walk-in Clinic:

1. You must be a registered patient of the Pinehurst Medical Clinic to receive care at the Saturday and post-holiday clinics. NO New Patients.

1. You do not need an appointment. These clinics are designed to be 'walk-ins'; first come first served. You do not need to call first; just come in. If your physician practices at the West Building, the Neese Clinic, or Pinehurst South (Dr. Lineberger's office) you may be seen at the Walk-in Clinic at the East Building. One to two of the Internal Medicine physicians will take turns managing the Walk-in Clinic on Saturdays.

1. Pinehurst Medical Clinic will bill your insurance as we would during a normal visit. All required co-pays must be paid at time of service.

1. The following services will not be offered during the Saturday Walk-in Clinic, but can be arranged if needed during the week:

- Cat Scans (CT)
- Ultrasounds (US)
- Vaccines
- Well woman pap smears
- Routine physicals
- Management of chronic diseases such as diabetes, hypertension, etc.
- Blood work not ordered during an urgent care visit
- X-rays not ordered during an urgent care visit
- Pediatric services
- Evaluation of acute chest pain or dyspnea or any problem which should obviously be seen in the Emergency Room.
