

Medicare Shared Savings Program Participation Waiver Notification
July 28, 2017

Pinehurst Accountable Care Network participates in the Medicare Shared Savings Program (MSSP) and certain waivers available to it through the MSSP. Specifically, Pinehurst Accountable Care Network has utilized the MSSP participation waivers in connection with the following program.

Pinehurst Accountable Care Network has contracted with Laboratory Corporation of America Holdings (LabCorp) to assist in the implementation and on-going operation of LabCorp's Care Intelligence (CI) platform. The CI application is specifically designed as a population health management tool which will track various membership quality measures and clinical outcomes. The CI application also facilitates Pinehurst Accountable Care Network's efforts to implement case management and care coordination of its MSSP attributed lives.

LabCorp's CI application and support for Pinehurst Accountable Care Network were reviewed by and received Pinehurst Accountable Care Network's governing board approval and confirmation that such programs meet the purposes of the MSSP and thus qualify for participation waiver treatment under MSSP.
